# Her Husband's Story

"My name is E. J. Sprong, and my address is to Bonham Block, Troy, N. Y. I want to tell how thankful I am that my wife's health has been restored to her."

About a year ago she caught a dreadful cold, which settled in her bronchial tubes and lungs. She certainly had bronchitis, and I think consumption, too, and we were spared of her life. She had a tightness and soreness in the chest, and it was difficult for her to breathe. There were darting, sharp, dull and heavy pains, with constant coughing and expectorating. Each day she was worse than the day before. I was advised to get Acker's English Remedy, and did so, but my wife only shook her head and said: "Another dollar thrown away." She took the Remedy, however, and said the effect was magical. In less than a week she was able to get about, and in a short time she was entirely well and strong again. The cure was permanent and there has been no relapse. I don't know what Acker's English Remedy is made of, but I am sure it contains something that fortifies the system against future attacks. My wife is in better general health now than ever, and you can't imagine how happy she is for her recovery. She tells everybody about Acker's English Remedy, and so do I. I believe it to be one of the best remedies for every sufferer who has throat and lung troubles. My neighbors say it is a sure specific for croup, and has saved the lives of hundreds of little ones around in this vicinity alone."

Sold at 25c. per bottle, throughout the United States and Canada, and in England, at 5c. per bottle. If you are not satisfied after buying, return the bottle for a full refund. Write to Acker's English Remedy Co., 108 N. 3rd St., New York, N. Y.
